H&L Tooth Company History since 1931:

This Loader style Adapter was custom made for H&L's "Fit-All" program in 1990s. It was designed for a 1.81" lip opening and will fit most buckets designed for a 1-3/4-inch bucket lip.

This Loader adapter uses the 272SP Flexpin Series tooth that was first designed and introduced in the 1948.
