

© H&L Tooth Company 2015

H&L's Caterpillar Style G-877-B-1L Scarifiers are produced from aircraft quality Chrom-Moly grade alloy steels to enhance shank **DURABILITY and TOUGHNESS!**

H&L Tooth Company History since 1931:

This forged Scarifier ripping shank was designed and first introduced in 1966 as the OEM John Deere (AT68771) replacement for the Ormco Model 40.

H&L's 1L-Series Crimp-on Tooth is no longer produce. In 1987 the G-877-B-1L was redesigned to utilize the HL-6Y-5230 Slip-on tooth.

Today, H&L continues to produce the HL-6Y-5230 forged tooth and scarifier system for nearly fifty years.
