H&L's Caterpillar Style HL-9J-8923 Scarifiers are produced from aircraft quality Chrom-Moly grade alloy steels to enhance shank **DURABILITY and TOUGHNESS!**

H&L Tooth Company History since 1931:

This small Series Caterpillar Style ripper shank HL-9J-8923 was reversed engineered and introduced by the Hi-Production Forge Company in 1976. This shank uses H&L's HL-6Y-0359ST forged Star Penetrating Tooth design with the HL-9W-2678 pin and HL-1U-2405 Retainer attachment system. Hi-Pro was a Division of the H&L Tooth Company in Montebello, California during the 1970's and 80s.

Today, H&L continues to produce the complete HL-9J-8923 ripper system. All H&L forged teeth are made in the USA!
