Ripping Star Tooth

55.8#/25.31kgs.

*H&L Tooth Company History since 1931:*

*This large sized ripping tooth was first designed and introduced in 1967.*

*H&L's Star ripping Tooth was developed and forged at the Hi-Pro Forge Plant, a Division of the H&L Tooth Company in Montebello, California. The Tooth was originally designed to fit several large International Harvester Models of the day.*
