LGT-6052-W-205

Excavator Adapter
17.0#/17.7kgs.

H&L Tooth Company History since 1931:

The LGT-6052-W-205 Leg and One-Half weld-on excavator style adapter was first designed and introduced by H&L Tooth for a J. I. Case OEM Model 125B machine in 1994. During the early 1990s, Komatsu Dealer Rocky Mountain Machinery supplied buckets using this 205 series adapter and tooth system.

Today, H&L has a limited number of this "Original" LGT-6052-W-205 adapter and 205 "VP" Series tooth system.
