Loader Adapter

6.0#/2.72kgs.

H&L Tooth Company History since 1931:

This Leg and a half bolt-on loader adapter was first designed and introduced by H&L Tooth in 1973.

H&L's L-4031-23 bolt-on adapter replaced the OEM adapter in 1973 and is constructed as a forging.

Today, H&L continues to produce the "Original" L-4031-23 adapter and 230-Series tooth system.
