L-2520-BW-23

Loader Adapter
4.0#/1.80kgs.

H&L Tooth Company History since 1931:

This top mounted weld-on loader adapter was first designed as a 2A tooth version and introduced as a Universal Manufacturing adapter in 1965.

H&L's L-2520-BW-23 adapter was designed to replaced the smaller 2AH series OEM adapter with a 230 series tooth in 1991. Other numbers associated with this design was Clark-Melrose #6576479 and Gannon Mfg. as D10-29.

Today, H&L continues to produce the "Original" L-2520-BW-23 adapter and 230-Series tooth system.
