3.5#/1.58kgs.

H&L Tooth Company History since 1931:

It is important that your machine is equipped with sharp quality teeth that will allow it to perform at maximum efficiency... The new H&L patented 230TT7-5 DeltaWing™ not only stays sharp but they... increase bucket penetration; increases bucket CAPACITY; increases the life of the bucket lip edge; increases Backhoe PROFABILITY! Reduces expensive bucket lip maintenance, with less scalloping of the lip!
