H&L Tooth Company History since 1931:

This Bottom Strap weld-on adapter was first designed introduced by H&L Tooth as an OEM product in 1951 for Badger Trencher and Cleveland Wheel trenchers.

H&L's D-872-00 weld-on Adapters can be used on Mini-Excavator as a two-part tooth replacement.

Today, H&L continues to produce the "Original" D-872-00 adapter and 00SP teeth.
