Star Penetration Tooth

11.8#/15.41kgs.

*H&L Tooth Company History since 1931:*

*This medium sized digging tooth was first designed and introduced in 1971. H&L's Star Penetration Tooth was developed and forged at the Hi-Pro Forge Plant, a Division of the H&L Tooth Company in Montebello, California. The Forged 20ST Tooth was originally designed as a penetrating tooth to the H&L 20 series system.*
