**444-514BHN
HARDNESS!**

H&L Tooth Company History since 1931:

This CF-25T Dual Purpose style tooth was introduced by the Hi-Pro Forge Company in 1981 as a forging. During the 2000s H&L redesigned the forged CF-25T and now offers it as a cast version C-25T.

Today, copies of the Conical "C and CF" 25T style teeth are being produced by many companies worldwide.
